

Smolderin'

Velvet valley breezes
Slip through the holes
Of my walls and waken
My embers' glow

Smolderin, smolderin'
She got me smolderin'
Smolderin' again

She has found salvage
In my shipwreck soul
She fired a spark within
The coals below

Smolderin', smolderin'
She got me smolderin'
Smolderin' again

Just one whisper from her
Sets me ablaze
She blows me just one kiss
I burn for days

Smolderin', smolderin'
She got me smolderin'
Smolderin' again
Smolderin', smolderin'
Got me smol'drin' again
I'm blazin' again
